

Patient-Oriented Autism Research

The Autism Center at the UT Southwestern Medical Center at Dallas, Department of Psychiatry, is seeking an outstanding faculty candidate who will develop an independent line of cognitive, neuroimaging or neurophysiological studies of autism. Academic rank is open, with rank determined by the selected candidate's qualifications. The Autism Center is a multi-disciplinary clinical research program with a large clinical service and links to several molecular neuroscience and genetics programs and to the UTSW Advanced Imaging Research Center.

Candidate must hold a PhD, MD, or equivalent. Interested applicants should submit a brief summary of research interest, a CV, and three references to: Dr. John A. Sweeney, The Autism Center, Department of Psychiatry, UT Southwestern Medical Center at Dallas, 5323 Harry Hines Blvd., Dallas, TX 75390-9044, John.Sweeney@utsouthwestern.edu.

UT Southwestern Medical Center at Dallas is an Equal Opportunity/Affirmative Action Employer
