

Child Mental Health T32 Postdoctoral Fellowship

The PediMIND program of Bradley Hospital (affiliated with Brown University; www.pedimind.org) is inviting applications for postdoctoral fellows via Brown University's Child Mental Health T32 program. The PediMIND program focuses on advancing our understanding of the brain/behavior mechanisms underlying child psychiatric disorders.

Interested MD +/- PhD applicants should apply to the Brown University Child Mental Health T32 program, and also send their CV to Daniel_Dickstein@Brown.edu.
