

David Geffen School of Medicine

Professorial Position in Addiction Research

The Department of Psychiatry and Biobehavioral Sciences at the UCLA David Geffen School of Medicine, in association with the Semel Institute for Neuroscience and Human Behavior and the Greater Los Angeles VA (GLAVA) Healthcare System, is seeking applications for a full-time tenure-equivalent faculty position in Addiction Research at the Full Professor rank. The position will involve active collaborations with established substance abuse investigators at UCLA at the VA, and requires demonstrated programmatic leadership and capacity to develop an independent, NIH-funded program of clinical research in the area of substance abuse. Teaching responsibilities will include residents, medical students and graduate and postdoctoral students.

Expertise applying human laboratory approaches (i.e., phase I and early phase II clinical research) to treatment development is required. Excellent mentoring and teaching skills are required. Applicants should have a demonstrated record of publication in the area of addiction research as well as success in obtaining research grants. Candidates must possess or be eligible for a permanent California medical license and must be board-certified or -eligible in psychiatry.

To apply, submit an updated curriculum vitae, statement of research and teaching experience, and contact information for three references to the posting at <https://recruit.apo.ucla.edu/apply/JPF02720>.

The UCLA Department of Psychiatry and Biobehavioral Sciences is an integral part of The Semel Institute for Neuroscience and Human Behavior at UCLA, a leading interdisciplinary research and education institute devoted to the understanding of complex human behavior and the causes, prevention and treatment of neuropsychiatric disorders.
