

A Collaborative Research on Addiction (CRAN) Postdoctoral Trainee position is available at the Bowles Center for Alcohol Studies at the University of North Carolina-Chapel Hill [<http://www.med.unc.edu/alcohol>]. The UNC training grant (NIAAA T32 AA007573) has been funded since 1997 and has a history of successfully mentoring of postdoctoral scientists in behavioral, cellular and molecular alcohol studies. We aim to recruit a promising postdoctoral scientist (Level 2 or 3) with demonstrated experience in substance abuse research for training in cross-cutting pathogenesis and consequences of alcohol, nicotine, and other substance use. Candidates must be eligible for at least 1 year on an NIH training grant, including US citizenship or permanent residence. Application deadline is November 1, 2014; latest start date is March 1, 2015. If interested, please contact Diana Lotito [lotito@ad.unc.edu] for a list of participating labs/projects, and application instructions.
