

2017 ACNP Under-Represented Minority Statistics

The following information updates some key data for under-represented minorities in the College:

Membership Numbers:

- From 2013 to 2017 the number of URM members has increased from 3% to 5% of our total membership.
- The percentage of URM Associate Members in relation to total associate membership has ranged from 6% to 10% over the past five years.
- Of the 430 full Members and Members Emeritus, 17 (4%) are URMs. The percentage of URM full Members has remained steady since 2013.
- The percentage of URM Fellows and Fellows Emeritus in relation to all Fellows and Fellow Emeritus has also remained steady over the past 5 years.

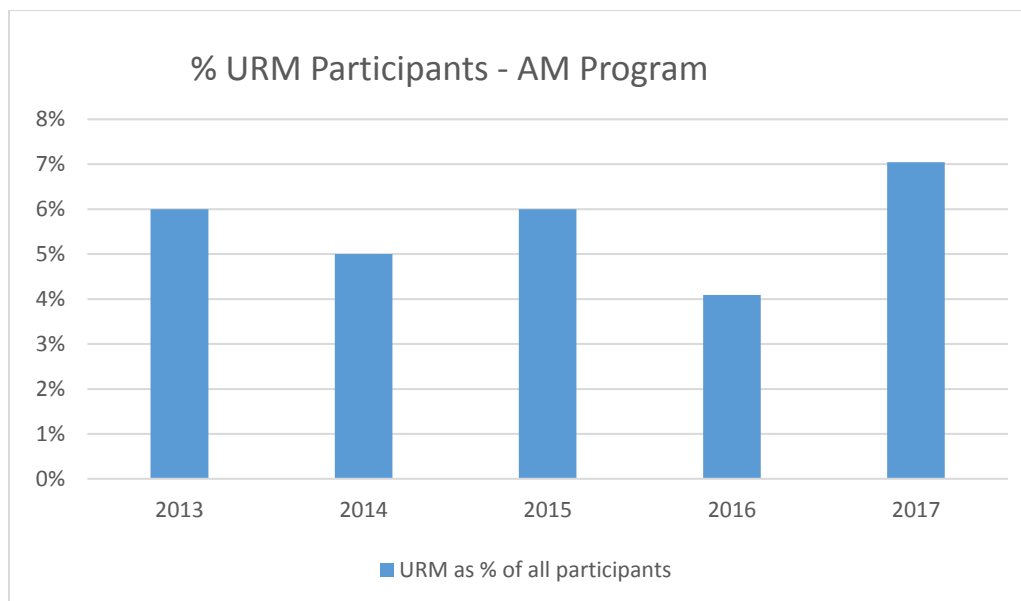

Travel Awardee Data:

- Over the past 5 years the number of URM travel award applicants has increased from 25 to 65.
- The number of URM applicants who received a travel award has not increased proportionately. Eight of 25 applicants received a travel award in 2013 while only 12 of 65 applicants received an award in 2017.

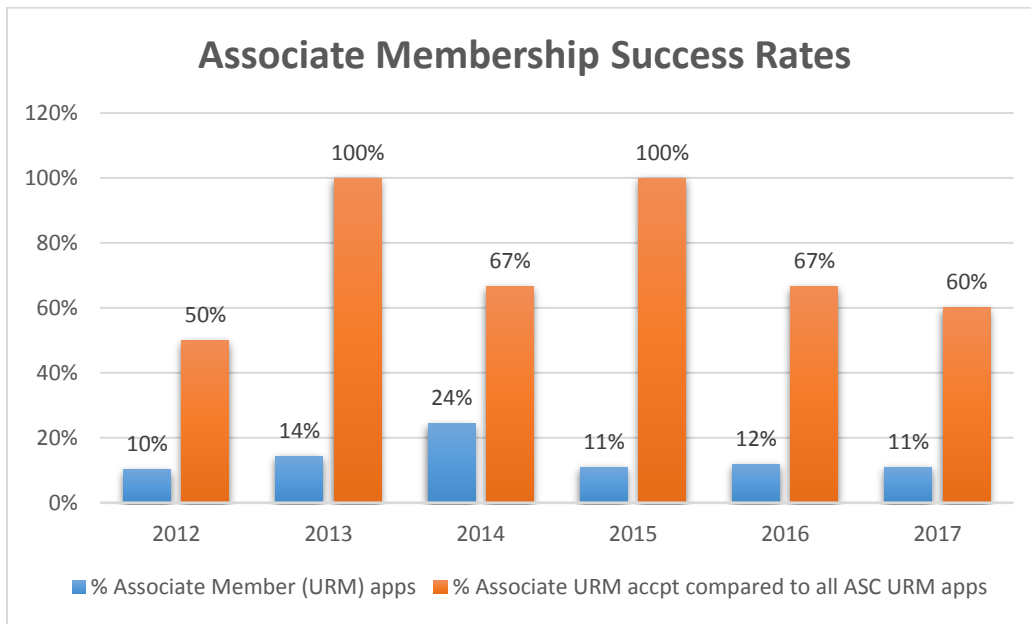

URM Participation in the Annual Meeting:

- The number of URM participants in the annual meeting has increased from 16 to 27 from 2013 to 2017.
- That is an increase from 6% to 7%; URM participants as a % of all participants.

URM Membership Applications:

- URM applications for associate membership continue to be higher than URM applications for full membership. Between 2012 and 2017, applications for associate membership range from 10% to 24% of all applications received for associate membership. During the same period, applications for full membership ranged from 4% in 2013 to a high of 9% in 2016 when compared with all applications received for full membership.
- From 2012 to 2017, the acceptance rate of URM applicants into associate membership averages 67%. The overall associate membership acceptance rate averages 64%. The acceptance rate for URM applicants into full membership averages 79%. The overall full membership acceptance rate averages 64%.
