

GERIATRIC PSYCHIATRIST
DEPARTMENT of PSYCHIATRY AND BEHAVIORAL NEUROSCIENCE
COLLEGE of MEDICINE, UNIVERSITY of CINCINNATI

The University of Cincinnati is a premier, public, urban research university; ranked as one of America's top 26 public research universities by the National Science Foundation. U.S. News has ranked UC in the Top Tier of America's Best Colleges. The Chronicle of Higher Education calls UC a "research heavyweight." Forbes, Delta Sky, and Travel + Leisure magazines have identified UC as having one of the nation's most beautiful campuses. UC is a major employer in the Cincinnati region, employing over 15,000 full time and part time faculty, staff and student workers. #HottestCollegeInAmerica

The Department of Psychiatry and Behavioral Neuroscience is recruiting a Geriatric Psychiatrist (clinical-track) at the Assistant, Associate or Professor level to treat our growing population of geriatric patients, and to collaborate in our active cognitive aging research program. Responsibilities may include direct patient care (outpatient and inpatient); working with medical students, residents, and geriatric psychiatry fellows; as well as participating in clinical research at the University of Cincinnati. The final rank and title of the appointment will be commensurate with the experience and professional accomplishments of the selected applicant.

The Department of Psychiatry and Behavioral Neuroscience is dedicated to high quality medical student and resident education, and excellence in patient care; and is committed to advancing our understanding of psychiatric conditions and behavioral neuroscience .

Minimum Qualifications: MD/DO with an Ohio License. Candidate must be board certified/board eligible as a Psychiatrist, with board certification/board eligibility in Geriatric Psychiatry
