

Postdoctoral positions are open in Dr. Yogesh Dwivedi's Lab at the Department of Psychiatry and Neurobiology

The Dwivedi Lab in the Department of Psychiatry and Behavioral Neurobiology, UAB, invites interested individuals to apply for post-doctoral fellowship positions to participate in research related to epigenetics and epitranscriptomics of neuropsychiatric disorders, with special emphasis on mood disorders and suicidal behavior. The lab focuses on the fundamental mechanisms of stress and stress related neuropsychiatric disorders, including major depression and suicide, and uses various advanced tools and pre-clinical and clinical models. Candidates are expected to have a Ph.D. degree and a strong background in neuroscience/molecular biology. Preference will be given to candidates who have experience in genomics/epigenomics/epitranscriptomics and advanced skills in bioinformatics. The positions are open immediately and applications will be accepted until the positions are filled. A curriculum vitae and a letter of interest outlining experience and research goals should be sent to Yogesh Dwivedi, Ph.D., Department of Psychiatry and Behavioral Neurobiology, SC711 Sparks Center 1720 2nd Avenue South, Birmingham, AL 35294-0017. yogesh.dwivedi@uabmc.edu.
