

## **Inpatient Psychiatry Unit Chief at Butler Hospital**

Butler Hospital is seeking a board certified psychiatrist with clinical leadership experience and a keen interest in evidence-based patient care, teaching and supervision. The ideal candidate would be a passionate psychiatrist whose values and clinical practice support the goal of providing treatment for psychiatric illness in an atmosphere of dignity and respect, while contributing to knowledge through education and research, and continuously improving the ways we serve our patients and our community.

### About the Opportunity

- Leadership opportunity with clinical and academic responsibilities
- Oversight of 29-bed general psychiatry inpatient unit
- Monday – Friday schedule
- Teaching of psychiatry residents and medical students
- Weekend in-house call coverage 10/year, daytime only
- Brown University faculty appointment
- Competitive salary with opportunities for incentive bonus and a benefits package including health, life, disability, occurrence malpractice coverage, continuing medical education funds, and retirement matching contributions

### About Butler Hospital

Butler Hospital is a member of the Care New England Health System and the principal psychiatric teaching hospital of The Warren Alpert Medical School of Brown University. Butler Hospital is recognized by its peers as one of the top ten hospitals in psychiatry and is the major training site/base hospital for the Brown University General Residency in Psychiatry. As Rhode Island's only non-profit, free-standing psychiatric hospital, Butler Hospital provides specialized assessment and treatment for all major psychiatric illnesses. Located on a beautiful and historic 110-acre campus on the east side of Providence, Butler Hospital provides a full array of clinical services in emergency, inpatient, partial hospital, intensive outpatient (IOP) and outpatient levels of care. Providing this care is a committed core medical staff of 94 individuals with an additional 53 allied medical staff.

### About Brown University

The Brown University Department of Psychiatry and Human Behavior has a long record of outstanding research, training and clinical excellence. With more than 130 full time academic faculty and \$60 million per year in externally sponsored research, a wealth of opportunities is available through our cutting edge programs in clinical, basic, and translational research.

### About the Region

Located one hour from Boston, Hartford, and New Haven and three hours from New York City, Rhode Island is home to a number of higher education institutions including Brown University, the University of Rhode Island, the Rhode Island School of Design, Johnson & Wales and Providence College. Providence combines the accessibility and friendliness of a small town with the culture and sophistication of a big city, offering beautiful beaches, museums, and a nationally recognized culinary scene.
