

ACNP 60th Annual Meeting Health and Safety Information Reminders

The ACNP is committed to the safety of all in-person attendees while promoting the best forum for the latest research in scientific sessions, posters, and networking opportunities. As a reminder, to prioritize the health and safety of our members, invited guests, ACNP staff, and the Convention Center staff working our meeting, we have implemented the following for in-person attendees:

- All in-person attendees must be **fully vaccinated** and are required to upload their completed vaccination card when they register for the meeting. There will be NO exceptions.
- All accompanying guests must also be **fully vaccinated** to enter the convention center or attend the social functions of the ACNP meeting, which includes the opening reception, morning breaks, lunches and receptions. You must upload their completed vaccination card during registration. There will be NO exceptions.
- Unvaccinated children will not be allowed to enter the convention center or attend the social functions of the ACNP meeting. An accompanying guest or opening reception only ticket must be purchased for all children if they will be in attendance. They must be **fully vaccinated**, and their completed vaccination card must be uploaded during registration. Non-ticketed children are not permitted in the Convention Center. There will be NO exceptions.

*In order to verify vaccination cards, there will be **NO on-site registration** at this year's Annual Meeting. **All attendees must be registered for in-person attendance online prior to entering the Puerto Rico Convention Center.***

Unvaccinated individuals or those uncomfortable attending the in-person meeting are highly encouraged to participate in the full virtual program.
