

U.S.-Japan Brain Research Cooperative Program (BRCP)

NOSI: Administrative Supplements for the U.S.-Japan BRCP **NOT-NS-23-092**

<https://grants.nih.gov/grants/guide/notice-files/NOT-NS-23-092.html>

Participating NIH ICs: NINDS, NIBIB, NIDCD, NIDA, NIEHS, NIMH, NCCIH

Purpose: The U.S.-Japan Brain Research Cooperative Program (BRCP) promotes scientist exchange, training, and research collaborations between neuroscientists from the U.S. and Japan. The Program awards administrative supplements to currently active research grants that are supported by one of the participating NIH Institutes and Center. The BRCP is a bilateral partnership with the National Institute for Physiological Sciences (NIPS) in Japan.

Application Due Dates: September 18, 2023, September 18, 2024, September 18, 2025

Inquiries: usjapanbrcp1@ninds.nih.gov

Updates: <https://www.ninds.nih.gov/us-japan-brcp>

U.S.-Japan Brain Research Cooperative Program (BRCP)

BRCP Networking Session at the 2023 Society for Neuroscience (SfN) Conference

- Presentations of BRCP-supported research
- Networking to encouraged new collaborations
- Hybrid session that includes participants in the U.S. and Japan
- All are welcome!
