

University of Maryland Medicine

Advanced Depression Treatment Center

Clinical Research Faculty Position University of Maryland School of Medicine. The Department of Psychiatry at the University of Maryland School of Medicine (UMSOM) at the University of Maryland Baltimore (UMB) is hiring a tenure-track/tenured clinical research scientist focused on depression to join our Advanced Depression Treatment (ADepT) Center.

ADepT is a new initiative focused on treating refractory depression including clinical, research, and education missions. This is a unique opportunity to relocate or develop an innovative and interdisciplinary translational research program on mood disorders within a clinical department while participating in the larger UMB research consortia and training programs.

Potential candidates should complement established research programs and be able to collaborate with clinical treatment and basic/translational research programs within the Department, [UM-MIND](#) Neuroscience Institute, and broader university. In addition to working within a highly collaborative research environment, the successful applicant also will be expected to participate in the educational and service missions of the department, UMSOM, and UMB.

Competitive candidates will have an established research record related to depression and its comorbidities, reflected by a strong publication profile and existing extramural funding. Applicants must have a PhD, MD, or MD/PhD. Clinician scientists, and candidates from underrepresented groups and diverse backgrounds are strongly encouraged to apply. *Expected rank is Assistant Professor or higher; however, rank and tenure status will be commensurate with the selected candidate's experience.* Questions may be directed to the Search Committee Chair, Dr. Todd Gould, MD, at tgould@som.umaryland.edu.

The University of Maryland, Baltimore and UMSOM are equal opportunity/affirmative action employers. All qualified applicants will receive consideration for employment without regard to sex, gender identity, sexual orientation, race, color, religion, national origin, disability, protected Veteran status, age, or any other characteristic protected by law or policy. We are an inclusive work environment, and value diversity and how it enriches our academic and scientific community.

Applicants should submit an application, statement of research interests and program vision, curriculum vitae, and the names of three references through the UMB Taleo website: [Job Search - Basic Search \(taleo.net\)](#) **JOB NUMBER: 230001F3**
