Important Travel Information

Be advised that a passport valid for at least 6-months after your return date is required for all attendees to travel to the Bahamas. Renewing or getting a new passport in the US can take up to 8 weeks. Please check the expiration date of your passport and plan accordingly.

We understand there are growing concerns regarding traveling abroad, especially identification document concerns for transgender/gender non-conforming people and non-US citizens residing in the US. We encourage all attendees to research the requirements that apply to their citizenship status when traveling abroad and for all attendees to travel with a copy of their registration confirmation as well as an invitation letter (if applicable for non-US Citizens) with any other required immigration documents. Please consult the [Bahamas Immigration Website](#) for entry requirements and the [USA.gov](#) site for re-entry requirements.

Registration and Hotel Reservations

Registration for the 64th Annual Meeting opened on June 24th. The January 2026 registration process is again a two-step process where members and guests will first register for the meeting and then make a hotel reservation using a link received in the registration confirmation email. Please register by November 18th; the early discounted registration rates increase by \$50 on November 19th.

Member Registrations:

To access the registration site, members must login to the ACNP website, <https://acnp.org/>, select "Annual Meeting" and select the link under registration information.

Invited Guest Registrations:

Guests will receive a link to the registration site in their invitation letter.

ACNP Members will request an invitation from the Special Invitation Bank through the online meeting portal in lieu of emailing the Executive Office. The online portal is open. To request your invitation, login to the [Annual Meeting Submission Site](#) and select 'Submit ACNP Invitation Request.'

Again this year, Member invited guest invitations will be limited to 400. Please review the requirements for the Special Invitation Bank and utilize the bank in lieu of your member invitation, when applicable. As of 8/28/25, Member invited guest invitations have reached the cap of 400 and are now closed.

What does this mean?

- Members **MUST** attend the meeting to extend guest invitations.
- Member guest invitations will be capped at 400 requests. As a reminder, Members, Fellows, and Emeritus members have one invited guest invitation.
- Member guest invitations will be issued on a first come, first served basis.
- In 2023, 413 member invited guest invitations were extended for the 2023 Annual Meeting in Tampa. In 2024, member invited guest invitations reached the cap of 400 in late September for the 2024 Annual Meeting in Phoenix. **Please request your guest invitation early and utilize the Special Invitation Bank when applicable.*
- Council has discussed annual meeting growth over the years and in the strategic plans agreed that once the meeting hit 2,000 attendees, Council should develop ways to cap the attendance. This is to keep the ability to meet in one hotel and not have to move to convention centers with multiple hotels.

Policy Reminders

Council recognizes that many people who attend our meeting find it a convenient place to network and to connect with colleagues from other academic, government, or industrial organizations. This informal networking has historically been an important aspect of the meeting that many of our members believe has helped further scientific progress. However, organizing competing activities (e.g., satellite sessions, scientific board meetings, or social functions) that take attendees away from the meeting site detracts from other important goals of the meeting, such as fostering an atmosphere that encourages both formal and informal scientific discourse throughout the week and providing opportunities for travel awardees, trainees, and other young scientists to interact with leaders in the field. Therefore, Council asks that you refrain from organizing activities that take our members and meeting attendees away from the meeting site.

Many of our supporting corporations and academic institutions are large organizations with many people involved in planning meetings, and we realize that sometimes people organize meetings in conflict with this policy simply because they are not aware of it. If you are invited to attend any such functions, please help us by reminding the person issuing the invitation that this would be a violation of ACNP policy.

Additionally, the ACNP name, logo, or the name of the Annual Meeting should not be used in association with any CME activity without the approval of the College. To seek permission to use the name of the College, please contact the Executive Office (acnp@acnp.org), who will have your request reviewed by the appropriate committee and/or Council. If someone asks you to write a report of sessions you attend at the meeting, please let them know that publishing such a report would be a violation of this policy.

Photographing, Screenshots, and Recording During the Annual Meeting:

Photographing, screenshots, or recording material presented in a panel, mini-panel, study group or poster session is not allowed. Photographing or screenshotting a speaker before, during, or after a session is not allowed. Unauthorized photography or recording is unfair to the presenters and will have the effect of discouraging our members from presenting their most recent unpublished work.

Acceptable use of Social Media:

ACNP encourages the use of social media such as X, Facebook, Instagram, Google+ and blogging sites to engage our community in the Annual Meeting. We encourage you to post or tweet highlights about the

meeting, discuss your favorite speakers, panels and posters and offer recommendations on which panels and posters to attend.

When sharing information, we request you refrain from -

- Photographing, screenshots, or recording the material presented in panel, mini-panel, study group or poster session. This is unfair to the presenter and will have the effect of discouraging our members from presenting their most recent unpublished work.
- Using social media to share detailed content of lectures, posters etc., especially when the organizer or speaker has explicitly requested that some or all of the information presented is not to be captured or shared.
- Photographing or screenshotting speakers before, during, or after a session.

Small Meetings:

If you would like to host a small meeting during the ACNP Annual Meeting, you must request approval by completing an [Event Request Form](#) and submitting to the Executive Office for approval. Please contact ACNP, acnp@acnp.org, with questions.

Code of Conduct:

The American College of Neuropsychopharmacology is dedicated to providing a safe and productive experience for all participants and attendees at all official ACNP events regardless of sex, race, color, national origin, religion, age, physical or mental disability, perceived disability, ancestry, marital status, sexual orientation, gender identity, or any other basis protected by federal or pertinent state laws.
